MEXICAN BANDITS RAID TEXAS BORDER TOWN

THREE CAVALRYMEN AND BOY KILLED

American Troops are in Pursuit Through the Wild Country of Coahuila

(By Associated Press.)

WASHINGTON, May 8.—Secretary Baker said he considered the agreement under which the army began the pursuit of the Villistas still in operation. Under its terms General Funston can take any steps necessary without further instructions to pursue the bandits which raided, Friday night, Big Bend county, Texas. A new American expedition may already be across, pursuing the bandits, Baker said.

(By Associated Press.)

ALPINE, Tex., May 8.—Fleeing through the wild mesas of northern Coahuila, seventy or more bandits who raided the American settlement at Glenn Springs and Boquillas, killing three cavalrymen and a boy, are believed to be heading into the interior. It is unofficially reported that Jesse Deemer, a Boquillas storekeeper carried across the border by Villistas, was found murdered. His clerk is believed to have met the same fate. Private Tyree is missing.

KAISER APPEALS TO THE POPE

ROTTERDAM STATES EMPEROR WILHELM ASKS HIS HOLINESS TO INTERCEDE

(By Associated Press.)

LONDON, May 8.—A Rotterdam dispatch letter to the Pope, during the Easter festival, expressing the hope that the pontiff, with the king of Spain would be able to construct a scheme with the object of bringing together the belligerents for the consideration of an armistice in the hope of securing peace without detriment to the legitimate aspirations of all nationalities.

ALLIES STAND THEIR GROUND

ANOTHER REPULSE WITH HEAVY LOSSES IN FRONT OF VERDUN IS REPORTED

(By Associated Press.)

PARIS, May 8.—Fighting of great violence has continued at Verdun where furious German attacks near hill 304 were broken by the French. The German losses are "extremely heavy," say the dispatches. The French attacked east of Hill 304 and drove the Germans from a trench which they penetrated yesterday.

East of the Meuse a series of night engagements occurred when the Germans were driven from a trench south of Haudromont.

This new German attack, against Dead Man's hill, resulted in fighting almost as violent as that of last month.

GERMAN NOTE O. K. TO UNITED STATES

So Long as New Instructions Are Observed, Diplomatic Relations Will Continue

(By Associated Press.)

WASHINGTON, May 8.—The note to Germany is virtually completed and will go to Berlin perhaps today. It will be brief, informing Germany that, so long as the new instructions to submarines are observed, diplomatic relations will be continued, but the United States cannot allow Germany to dictate negotiations with England. It was said President Wilson is not satisfied with the apparent conditions attached to the German reply and the United States stands by the demand

that Germany cease its attacks on vessels in violation of international law, regardless of negotiations which may be carried on with England which referred to the food blockade.

(By Associated Press.)

WASHINGTON, May 8.—The American reply to the German submarine answer has been sent and will be given out for publication tomorrow morning. Secretary Lansing said it comprises 200 words, but refused to discuss it.

CHANGES IN OFFICERS OF POWER COMPANY

APPOINTMENTS DUE TO DEATH OF THE LATE DELOS CHAPPELL

A circular received today from the Denver office of the Nevada California Power company announces the election of W. E. Porter, late secretary of the office of president, A. B. West, vice-president becomes general manager and W. Sherman Fisher was elected secretary. W. G. Driver, of Riverside, Cal., becomes assistant to the vice-president and general manager. Mr. West also was elected president of the Interstate Telegraph company, a subsidiary of the power company.

LIVES OF TWO PERSONS MENACED BY NEGRO

MAN AND CHILD THREATENED BY BULLETS FROM GUN OF THE DOGCATCHER

This morning Jefferson, the negro dogcatcher tried to kill a dog belonging to the Murrys on Murray hill down near the Victor mine. The missile flew wide of the mark and killed a spaniel belonging to another party. The serious part is that the bullets flew close to the head of John Jones, an ore sorter working in the Victor dump and came within a few inches of the head of little Jack Schwelbe only six years old who was starting for school.

The residents of that vicinity are enraged to think the county commissioners should subject them to that risk of sudden death at the hands of the bully on whom they have conferred extra police powers and, it is asserted, that unless some action is taken to curb the bloodthirsty instincts of the negro, the people will take the law into their own hands. It was fortunate for Jefferson that none of them living in that vicinity were at home or he would have met with summary punishment.

GERMANS TAKE ENTIRE SYSTEM OF TRENCHES

(By Associated Press.)
BERLIN, May 8.—In the recent fighting at Verdun, the Germans captured the entire system of trenches on the north slope of Hill 304, with 1200 prisoners.

today, 15 per cent.		

MINE SUPERINTENDENT OF THE TONOPAH EX.

INCREASED OPERATIONS OF COMPANY DEMAND THE CREATION OF A NEW OFFICE

Jerome B. Higgins today assumed the duties of mine superintendent for the Tonopah Extension, Merger and Victor company. Alex Smith, who has faithfully served the Extension for twelve years, will act as assistant superintendent, the heavier work being placed on the shoulders of the younger man.

Mr. Higgins is a Nevada boy, graduate of the School of Mines of the University of Nevada. He was superintendent of the Simmer and Jack mine in Africa when it was the heaviest gold producer in the world. When he returned to the United States he became lease superintendent of the Goldfield Consolidated Mines company and for several years past he has been general manager of a large mining company in Ecuador.

The new developments and increased output of the Extension necessitated the creation of the new office.

RUNAWAY TEAM COVERS ROUTE WITHOUT SERIOUS DAMAGE

While Driver Henderson of the Cuddy team was delivering an order near the weather bureau his team started off on their own account and succeeded in making a complete circle of the town on their regular route without doing any damage. Coming back to the store they collided with a water company wagon at the intersection of Main and Brougher avenue and in the mix-up the pole of the delivery wagon was broken off. Two men who were working in the trench and would have fared badly had the team fallen in.

IMPORTANT WITNESS MISSING

Frank Boak, one of the important witnesses of the state in the case against John J. Murray, is missing from his boarding house, the Colorado hotel, leaving a bill of something over \$100 unpaid. Other business men are also anxious to secure the return of Boak.

Speaking of preparedness, it is almost time for the Wilson administration to get ready for its own defense. —Los Angeles Times.

WAR MAY COME WITH INDEMNITY CALLS

CONGRESSMAN KAHN BELIEVES EUROPE WILL HAVE A DAY OF RECKONING

(By Associated Press.)

WASHINGTON, May 8.—By two overwhelming votes the house refused to agree to the senate amendment of the army bill providing for a standing army of 250,000 volunteers and 261,000 pledged to thirty days training yearly. In the debate, Congressman Kahn asserted that he believed after the war foreign nations would demand an indemnity from the United States for losses to citizens in Mexico, unless a large army was available.

APACHE INDIANS LEAD UNITED STATES CAVALRY

SCOUTS FROM ARIZONA GO INTO BATTLE WITH FIERCE WAR WHOP

(By Associated Press.)

HEADQUARTERS, May 8.—Twenty Apache Indians took a prominent part in the recent battle with the Villistas at Ojos Azules. Shrieking war whoops, the Indians from Arizona, rode at the head of the charging Eleventh cavalry, using six shooters, killing many Villistas.

MRS. CRESSWELL'S PARTY

Mrs. George Cresswell gave a matinee party for the little whistlers, who so kindly assisted at the concert. Afterwards they adjourned for ice cream. Mrs. J. Simmons, who has helped train the boys also was a participant. The boys who were present were: Marshall Hugh Brown, Walter Traser, Jack Idon, Murdock McLeod, Laurence Metts, Ogden Monahan, Wm. Walker, Clyde Pettegrove, David Lambert.

George Cresswell left for Manhattan Friday where he expects to remain six or seven months. His family will remain in Tonopah.

The clocks in Germany are to be set ahead an hour to get more daylight. See how that eastern time fad is spreading! —Detroit Free Press.

CHANCELLOR SUMMONED TO FIELD HEADQUARTERS

(By Associated Press.)
LONDON, May 8.—Prince Von Buelow, the German imperial chancellor, was summoned today to headquarters by the kaiser, according to a Hague dispatch. The visit is said to be of great political significance.

MAY BUILD CHURCH REPLACING OLD ONE

CONGREGATION OF ST. PATRICK'S IN FAVOR OF ERECTING A NEW BUILDING

The congregation of St. Patrick's church at a meeting yesterday morning assented to the suggestion that a new building would be more compatible with the dignity and numbers of the flock and considered plans and proposals for alterations to the old church and also for the construction of a stone structure to take the place of the present edifice located on Jim Butler ground. The sense of the meeting favored a new building which would cost comparatively little more than what would be required to render the present church safe and sound. The matter was not finally determined and the pastor, Father Diss, adjourned the meeting to Thursday night to Knights of Columbus hall when positive action will be taken.

The present building was erected in the early days of the camp at the corner of Central and St. Patrick street and Bryan avenue. When the necessity arose for extending the dump at the Wandering boy shaft the mining company agreed to move the church and pastor's residence to the present site. In the process of removal the old timbers were badly warped and during severe windstorms the building shakes in such a way that it is not deemed safe for continued occupancy.

CUNARD STEAMSHIP REPORTED SINKING

IN SERVICE OF BRITISH GOVERNMENT BUT CARRIED NO PASSENGERS

(By Associated Press.)

LONDON, May 8.—It is reported that the steamship Cymric is sinking. The vessel was in the service of the British government some time. She sailed from New York for Liverpool April 29. There were no passengers on the last trip.

NATIONAL BANK REPORTS

(By Associated Press.)
WASHINGTON, May 6.—The comptroller of currency has issued a call for National banks to report their condition at the close of business May first.

FRENCH BARK SUNK

(By Associated Press.)
LONDON, May 8.—The French bark Marie Molinos was submerged today. No casualties.

JOHN CAUGHLIN, the contractor, who has been absent for the past six months, returned this morning.

START THREE SHIFTS IN THE TONOPAH MILL

BIG PLANT AT MILLERS WILL MAKE UP FOR LOST TIME THROUGH FIRE

The fire damage at Millers has been repaired and the big mill of the Tonopah Mining company resumed active operations yesterday morning with three shifts. For the past three months the company has been operating only two shifts, but all the former employees were kept occupied making certain changes with a view to lowering the cost of treatment. These improvements have been completed and the first of the long string of cars sidetracked in the valley began moving towards the crushers Sunday morning. The output of ore from the Sand Grass mine will soon show an increased tonnage as the new double skip has been completed and the capacity of the shaft doubled. This section of the Tonopah Mining company's property is virtually virgin ground as it has not been developed to any great extent and the company has a large tonnage available there according to the estimates of the best engineers.

FLAGS AT HALF MAST ANNOUNCE A DEATH

MANAGER OF THE WEST END DIES IN HIS PRIME IN SAN FRANCISCO

John Winthrop Chandler died yesterday morning in Adler's hospital at San Francisco. Few people in Tonopah knew that he was seriously ill and news of his death proved a shock to the community.

Mr. Chandler was aged 38 years. He was a graduate of the Colorado School of Mines at Golden of the class of 1900. Since that time he had been associated with various mining companies in Utah, California and Nevada. He came to Tonopah first in 1905, when he accepted the superintendency of the MacNamara mine. When he returned four years ago it was to take charge of the North Star mine. He became superintendent of the West End Consolidated in September, 1914. Owing to his success in picking up faulted ore bodies, as well as his efficiency along other lines, he was given additional duties and responsibilities, namely the general superintendency of the North Star, Halifax, Rescue Eula and certain properties under option to the West End, or in which it held substantial interests. He was a member of the American Institute of Mining Engineers.

His intimate knowledge of geology, particularly referring to the genesis of ore depositions in Tonopah district, was conceded by all mining men. In addition to his qualifications as a

BUILDING ROAD IN MANHATTAN CANYON

TAKING THE ROUND MOUNTAIN TRAVEL OUT OF THE MANHATTAN DISTRICT

This morning work began on the construction of a new road between Manhattan and Round Mountain which will establish an easier grade. The distance will remain about the same, but the route will be down Manhattan canyon taking the road out of the gulch and away from the section where the placer mines are operating. Faurvey and Robinson have the contract for \$1,950. Yesterday County Clerk Bob Pohl and Chief of Police Evans took the country car out to Manhattan for the purpose of securing signatures to the contract.

mining engineer, Mr. Chandler possessed a genial, kindly personality. All who were associated with him in the conduct of the Tonopah properties feel that they have experienced a personal bereavement. Flags are half masted today over the mill and mines which he supervised and there was no work done today on the day shift in any of these properties.

Mr. Chandler leaves a mother and sister in Los Angeles and a wife and son. With the exception of the boy, they were at his bedside when death came. He had endured a long illness from a stomach affection, but his death was caused by Bright's disease, which developed a few months ago. The funeral was held this afternoon in San Francisco.

The decedent traced his lineage to one of the oldest Huguenot families, being a direct descendant of John Winthrop, first governor of Massachusetts.
